On November 10, Governor Abbott announced that the State of Texas has prepared allocation plans to swiftly distribute medicines and vaccines that are now becoming available to treat COVID-19. The State of Texas has already prepared to distribute the COVID-19 vaccines and medical treatments.

November 9 was the first day of what will be many announcements in the coming weeks about the availability of medicines and vaccines to combat COVID-19.

On Monday, the U.S. Food and Drug Administration (FDA) authorized the immediate use of the first medical treatment developed for people who contract COVID-19. An antibody drug by Eli Lilly & Co., called bamlanivimab, has been shown to improve the symptoms of people who contract the virus and prevent hospitalizations.

The FDA said the drug is authorized for patients at high risk of progressing to severe COVID-19, including people 65 and older, or who have certain pre-existing medical conditions.

Lilly is expected to immediately ship approximately 80,000 doses across the country, including Texas, at no cost to the states. Lilly should have up to one million doses by the end of the year.

Similar to the Lilly antibody treatment, Regeneron Pharmaceuticals Inc. also has requested FDA emergency use authorization of its own COVID-19 antibody medical treatment to treat patients before they become seriously ill and aid in reducing hospitalizations, with an announcement of the FDA's decision expected soon. This is the same antibody drug that President Donald Trump took to quickly recover from COVID-19 last month.

The federal government has agreed to buy hundreds of thousands of doses of the two new treatment drugs and will be in charge of allocating supplies to the states, which will in turn determine distribution to hospitals and healthcare facilities. It is likely that the doses will be allocated to states and U.S. territories based on their share of hospitalized and infected patients.

These medical treatments are in addition to the announcement yesterday by Pfizer that its COVID-19 vaccine candidate achieved incredible success in an early analysis — demonstrating over 90% efficacy in preventing COVID-19. It is expected to become available as soon as late November.

The State of Texas has already prepared to distribute the COVID-19 vaccines and medical treatments.

- The Department of State Health Services (DSHS) has already developed a Vaccine Distribution Plan and is working with health care providers to enroll in their Immunization Program to be eligible to administer these vaccines once available. Over 2,500 providers have already enrolled in the program. DSHS formed an Expert Vaccine Allocation Panel to develop vaccine allocation strategies.
- The Texas Division of Emergency Management (TDEM) is prepared to assist the swift distribution of COVID-19 vaccines and treatments. In late October, TDEM hosted the State of Texas COVID-19 Vaccine Virtual Tabletop Exercise – over 1,000 local, state, federal, and non-governmental organization partners came together to test the state's vaccine support plan, understand its operational procedures, and examine their roles and responsibilities.

On November 6, Governor Abbott announced that the U.S. Department of Defense (DOD) has deployed three U.S. Air Force Medical Specialty Teams to assist the state's efforts to combat COVID-19 in El Paso. These teams consist of 20 military medical providers each and will support three El Paso city hospitals: the University Medical Center of El Paso, the Hospitals of Providence Transmountain Campus, and the Las Palmas Del Sol Medical Center also Governor Abbott renewed the statewide disaster declaration for COVID-19.

On November 5, Governor Abbott announced that the Texas Health and Human Services Commission (HHSC) will provide approximately \$202 million in emergency Supplemental Nutrition Assistance Program (SNAP) food benefits for the month of November as the state continues its response to the COVID-19 pandemic.

On October 26, as part of the Trump Administration's comprehensive national effort to fight the COVID-19 pandemic and to assist the nation's Governors in doing so, the U.S. Department of Health and Human Services (HHS) is sending 8,730,000 state-of-the-art Abbott BinaxNOW COVID-19 point of care antigen tests to the State of Texas. The rapid point of care tests, which can diagnose coronavirus infection in as little as fifteen minutes, will be distributed at the discretion of Governor Greg Abbott to support testing K-12 students, teachers, nursing home patients and staff,

higher education, critical infrastructure, first responders, and other priorities as he deems fit.

On October 25, Governor Abbott announced that the Texas Division of Emergency Management (TDEM) is establishing an alternate care site in El Paso to expand hospital capacity in the region. The facility will provide El Paso with additional hospital beds, medical equipment, and medical personnel to assist with the region's COVID-19 response. Opening this week, the alternate care site will be located at the El Paso Convention and Performing Arts Center and have a capacity of 50 beds and can expand to 100 beds if needed.

On October 24, Governor Abbott held a call with Dr. Robert Kadlec, the Assistant Secretary for Preparedness and Response (ASPR) at the U.S. Department of Health & Human Services (HHS), to discuss hospital capacity needs in the City of El Paso.

On October 22, Governor Abbott announced that the Texas Department of State Health Services (DSHS) and the Texas Division of Emergency Management (TDEM) are surging additional medical personnel and equipment to the El Paso region to assist with the community's COVID-19 response also Governor Abbott announced that the Texas Department of State Health Services (DSHS) has secured 2.8 million doses of flu vaccine for the Texas Vaccines for Children Program and the new Adult Influenza Vaccine Initiative.

The Centers for Disease Control and Prevention has provided one million flu vaccines to DSHS which will distribute them through the Adult Influenza Vaccine Initiative to adults who are at higher risk of COVID-19 infection or severe disease. The new program will make the vaccine available for people in certain groups:

- Health care employees, first responders, and other critical front-line workers.
- Staff and patients in long-term care facilities.
- People with underlying health conditions.
- People in racial and ethnic groups disproportionately affected by COVID-19.
- Uninsured and underinsured adults.

On October 16, Governor Abbott announced that the Texas Department of State Health Services (DSHS) and the Texas Division of Emergency Management (TDEM) have surged medical personnel, medical supplies, and personal protective equipment (PPE) to the Panhandle and South Plains areas to support hospitals in their COVID-19 response. These resources will be concentrated in hospitals in Amarillo, Lubbock and the surrounding areas.

On October 15, the Texas Division of Emergency Management updated the criteria for a county exemption from the Texas Executive Order GA-29 face-covering requirement. TDEM has promulgated the following criteria for a county exemption from the face-covering requirement of GA-29:

1. The county must have 30 or fewer new COVID-19 cases during the previous 14-day period.
2. The county judge of a county with 30 or fewer new COVID-19 cases during the previous 14-day period must submit an exemption form affirmatively opting out.
3. If a county exceeds 30 new COVID-19 cases during a 14 day period, the county judge will be notified via email by TDEM, the county name will be removed from this website, and the county will be required to comply with all aspects of GA-29. After a 14 day waiting period, if the county

has fewer than 30 new COVID-19 cases during the previous 14 day period, the county judge will be eligible to reapply for exemption. Visit <https://tdem.texas.gov/ga29/> for more details.

On October 14, Governor Abbott, the Texas Education Agency (TEA), and TDEM announced the creation of a COVID-19 Rapid Testing Pilot Program for Texas school systems. This program will help schools conduct rapid tests of district employees and students. Participating school systems include; Bob Hope School (Port Arthur), Fabens ISD, Grace Community School (Tyler), Granger ISD, Lampasas ISD, Longview ISD, Harlingen Consolidated ISD, and Ysleta ISD.

On October 12, Governor Abbott announced that DSHS and TDEM have surged medical personnel and PPE to El Paso to help combat COVID-19 and support hospitals in the region.

On October 9, Governor Abbott announced the Texas Health and Human Services Commission (HHSC) will receive more than \$20 million in additional federal funding for disaster crisis counseling services for Texans impacted by the COVID-19 pandemic. This grant is in addition to the \$5.8 million in FEMA crisis counseling funds health officials announced in May and will extend counseling services to 28 local mental health and behavioral health authorities in Texas.

On October 8, Governor Abbott amended the paragraph of Executive Order GA-31 that defines "areas with high hospitalizations" to read as follows, effective at 12:01 AM on October 14, 2020: "Areas with high hospitalizations" means any Trauma Service Area that has had seven consecutive days in which the number of COVID-19 hospitalized patients as a percentage of total hospital capacity exceeds 15 percent, until such time as the Trauma Service Area has seven consecutive days in which the number of COVID-19 hospitalized patients as a percentage of total hospital capacity is 15 percent or less. A current list of areas with high hospitalizations will be maintained at www.dshs.texas.gov/ga3031.

On October 7, Governor Abbott issued an Executive Order to open bars and similar establishments at up to 50% capacity in conjunction with county officials. In hospital regions with low COVID-19 hospitalizations, County Judges will be able to opt their county into opening bars beginning October 14, provided they assist in enforcing health protocols. The Governor's Executive Order also increases the occupancy levels for all business establishments other than bars to 75%. Additionally, the Governor released a web video with his Executive Order, encouraging Texans to continue following best practices to mitigate the spread of COVID-19 in their communities.
